SKILLS

- Languages:** Python, JavaScript, C, C++
- Technologies:** HTML, CSS, Vanilla JS, React
- Databases/Tools:** MySQL, MongoDB, Git, GitHub, Figma, PostgreSQL, VS Code
- Soft Skills:** Analytical Thinking, Team collaboration, Organizational Skills, Resilience

PROJECTS

- Snake Game | [GitHub](#)**
Jul 2026 - Aug 2026
 - Developed a browser-based Snake Game with keyboard controls, timed gameplay, score tracking, and restart functionality.
 - Implemented wall and self-collision detection, randomized food generation, dynamic snake movement, and score updates using JavaScript.
 - Persisted the highest score with localStorage and handled game-state resets across new sessions.
 - Tech Stack:** HTML, CSS, JavaScript
- Kanban Board | [GitHub](#)**
Jul 2026 - Aug 2026
 - Built an interactive Kanban task manager with To Do, In Progress, and Done columns using drag-and-drop interactions.
 - Implemented task creation and deletion through a modal interface, with real-time task counts maintained for each workflow column.
 - Added localStorage persistence so tasks and their column states are restored after page reloads.
 - Tech Stack:** HTML, CSS, JavaScript, localStorage
- Das Grune Landing Page Clone | [GitHub](#)**
Jul 2026 - Aug 2026
 - Recreated a creative agency landing page with structured navigation, hero content, service sections, project showcase, and footer.
 - Implemented responsive layouts, interactive UI elements, icons, typography, and section-based visual styling using modern CSS.
 - Built the page from scratch with semantic HTML and CSS to closely reproduce the original design and visual hierarchy.
 - Tech Stack:** HTML, CSS, JavaScript, Remix Icon
- Expense Tracker | [GitHub](#)**
Jul 2026 - Aug 2026
 - Built a browser-based expense tracker with expense creation, deletion, expense count, and total amount calculation.
 - Implemented localStorage persistence, input validation, date/time capture, and dynamic rendering of saved expense records.
 - Added expense-name search and clear-search functionality using JavaScript array filtering.
 - Tech Stack:** HTML, CSS, JavaScript, Remix Icon

CERTIFICATES

- | | |
|--|----------|
| Computer Programming - NeoColab | May 2026 |
| Introduction to Artificial Intelligence - Infosys Springboard | Mar 2026 |
| Data Science Essentials with Python - Cisco Networking Academy | Jan 2026 |

ACHIEVEMENTS

- Solved more than **300** programming problems on online coding platforms during regular practice and learning.
- Earned HackerRank **Bronze badges** in C and C++.
- Earned CodeStudio Achiever - Arrays badge.

EDUCATION

- Lovely Professional University**
Jalandhar, Punjab
- Bachelor of Technology - Computer Science and Engineering; **CGPA: 8.87***
Aug 2025 – Present
- Cambridge International School**
Phagwara, Punjab
- Higher Secondary Education; **Percentage: 85 %***
Aug 2023 – Apr 2025
- Cambridge International School**
Phagwara, Punjab
- Secondary Education; **Percentage: 89 %***
Aug 2022 – Apr 2024
